

Portable Bench Equipment

Dowel Puller

SKU: SUPREMETM

Remove old top lift pins easily and faster with the Dowel Puller. The Dowel Puller, which can be bench or wall mounted, eliminates the need for vices and pliers and will save valuable time. It has a swivel rest to prevent cracked heels and reinforced extra strength jaws. The unit is adjustable for any top lift lengths.

Hot Nail

SKU : SUPREMEATM

For fast and easy removal of nails and dowels from heels, the Hot Nail is ideal. The Hot Nail can be operated by single touch with one hand and is equipped with a long handle to accommodate boots. It handles both plastic and wooden heels. The Hot Nail operates on 115 volts and has built in short circuit protection.

Universal Naumkeg

SKU: NAUMKEAGLAN

Complete with cord, switch, mounting bracket and exhaust chamber. The Universal Naumkeg can be mounted on most machines or a workbench. 3" hose flange ready to hook up to your vacuum system. 1/4 HP, 3,450 RPM, 115 volts.

Heat Activator

SKU: SUPREMEHA

Reduce cementing time while increasing quality with the Heat Activator for shoes and boots. The Heat Activator will also reactivate old cement quickly and dry wet shoes for instant repair. Operates with six 250 watt infrared lamps and is equipped with a timer.
